

The Gateway Primary Academy

Mobile and Smart Technology Policy

September 2025

Key Details

Designated Safeguarding Lead (s): Jamiel Cassem, Headteacher

Named Governor with lead responsibility: Victoria Harman

Date written/updated: September 2025

Date agreed and ratified by Governing Body:

Date of next review: September 2026

*This policy will be reviewed **at least** annually. It will also be revised following any concerns and/or updates to national and local guidance or procedures.*

1. Policy aims and scope

- This policy has been written by The Gateway, involving staff, children and parents/carers, building on Kent County Councils LADO Education Safeguarding Advisory Service mobile and smart technology policy template, with specialist advice and input as required.
- It takes into account the Department for Education (DfE) statutory guidance 'Keeping Children Safe in Education' (KCSIE), Early Years and Foundation Stage (EYFS) 'Working Together to Safeguard Children' (WTSC), the DfE non-statutory guidance 'Behaviour in Schools Advice for headteachers and school staff', 'Searching, screening and confiscation at school' 'Mobile Phones in Schools' and the local Kent Safeguarding Children Multi-agency Partnership (KSCMP) procedures.
- The purpose of this policy is to safeguard and promote the welfare of all members of our community when using mobile devices and smart technology.
 - The Gateway recognises that online safety is an essential part of safeguarding and acknowledges its duty to ensure that all children and staff are protected from potential harm when using mobile and smart technology.
 - As outlined in our Child Protection Policy, the Designated Safeguarding Lead (DSL), Jamiel Cassem, Headteacher, is recognised as having overall responsibility for online safety.

- This policy applies to all access to and use of all mobile and smart technology on site; this includes but is not limited to mobile/smart phones and personal devices such as tablets, e-readers, games consoles and wearable technology, such as smart watches and fitness trackers, which facilitate communication or have the capability to record sound and/or images.
- This policy applies to children, parents/carers and all staff, including the governing body, leadership team, teachers, support staff, external contractors, visitors, volunteers and other individuals who work for, or provide services on behalf of the setting (collectively referred to as "staff" in this policy).

2. Links with other policies

- This policy links with several other policies, practices and action plans, including but not limited to:
 - Anti-bullying policy
 - Acceptable Use Policies (AUP)
 - Behaviour and discipline policy
 - Cameras and image use policy
 - Child protection policy
 - Staff code of conduct/staff behaviour policy
 - Confidentiality policy
 - Curriculum policies, such as: Computing, Personal Social and Health Education (PSHE), Citizenship and Relationships and Health Education (RSHE)
 - Data security
 - Online safety (included in safeguarding and child protection policy)
 - Social media
 - Searching, screening and confiscation policy

3. Safe use of mobile and smart technology expectations

- The Gateway recognises that use of mobile and smart technologies is part of everyday life for many children, staff and parents/carers.
- Electronic devices of any kind that are brought onto site are the responsibility of the user. All members of our community are advised to:
 - take steps to protect their personal mobile phones or other smart devices from loss, theft or damage; we accept no responsibility for the loss, theft or damage of such items on our premises.

- use passwords/PIN numbers to ensure that unauthorised access, calls or actions cannot be made on personal phones or devices.
- Mobile devices and other forms of smart technology are not permitted to be used in specific areas on site; this includes classrooms and playground when children are present.
- The sending of abusive or inappropriate messages or content, including via personal mobile devices and/or smart technology is forbidden by any member of the community; any breaches will be dealt with in line with our anti-bullying, behaviour and child protection policies.
- All members of The Gateway community are advised to ensure that their personal mobile and smart technology devices do not contain any content which may be offensive, derogatory or illegal, or which would otherwise contravene our behaviour or child protection policies.

4. Staff use of mobile and smart technology

- Members of staff will ensure that use of any mobile and smart technology, including personal phones, wearable technology and other mobile/smart devices, will take place in accordance with the law, as well as relevant school policy and procedures, including confidentiality, child protection, data security staff code of conduct and Acceptable Use Policies.
- Staff will be advised to:
 - Keep personal mobile and smart technology devices in a safe and secure place during lesson time.
 - Keep personal mobile phones and devices switched off or set to 'silent' or 'do not disturb' modes during lesson times.
 - Ensure that Bluetooth or other forms of communication, such as 'airdrop', are hidden or disabled during lesson times.
 - Not use personal mobile or smart technology devices during teaching periods, unless written permission has been given by the headteacher/manager, such as in emergency circumstances.
 - Ensure that any content bought onto site via personal mobile and smart technology devices is compatible with their professional role and our behaviour expectations.
- Members of staff are not permitted to use their own personal mobile and smart technology devices for contacting children or parents and carers.
 - Any pre-existing relationships or circumstance, which could compromise staff's ability to comply with this, will be discussed with the DSL (Headteacher).
- Staff will only use school provided equipment (not personal devices):
 - to take photos or videos of children in line with our image use policy.

- to work directly with children during lessons/educational activities.
- to communicate with parents/carers.
- Where remote learning activities take place, staff will use school provided equipment. If this is not available, staff will only use personal devices with prior approval from the headteacher, following a formal risk assessment. Staff will follow clear guidance outlined in the Acceptable Use Policy and remote learning AUP.
- If a member of staff breaches our policy, action will be taken in line with our staff code of conduct, child protection policy and allegations policy.
- If a member of staff is thought to have illegal content saved or stored on a personal mobile or other device or have committed a criminal offence using a personal device or mobile phone, the police will be contacted, and the LADO (Local Authority Designated Officer) will be informed in line with our allegations policy.

5. Children/pupils/students use of mobile and smart technology

- Children will be educated regarding the safe and appropriate use of mobile and smart technology, including mobile phones and personal devices, and will be made aware of behaviour expectations and consequences for policy breaches.
- Safe and appropriate use of mobile and smart technology will be taught to children as part of an embedded and progressive safeguarding education approach using age-appropriate sites and resources. Further information is contained within our child protection and relevant specific curriculum policies: RHE curriculum.
- Personal mobile or smart technology devices is not permitted on site for children.
 - Children/pupils/students are not permitted to use personal mobile or smart devices whilst on the school/setting site. Where these are required, for example for safety reasons when children are transporting to and from school, devices should be turned off/placed on silent and handed into the school office in the morning. They can then be collected at the end of day.
- The Gateway expects children' personal mobile or smart technology devices to be kept safe and secure when on site. This means they are handed into the office at the start of the school day and collected at the end.
- If a child needs to contact their parents or carers whilst on site, they need to speak to their class teacher and then they will organise for the parent to be contacted via the office.
 - Parents are advised to contact their child via the school office; exceptions may be permitted on a case-by-case basis, as approved by the headteacher.
- If a child requires access to personal mobile or smart technology devices in exceptional circumstances, for example medical assistance and monitoring, this will be discussed with the headteacher prior to use being permitted.

- Any arrangements regarding access to personal mobile or smart technology devices in exceptional circumstances will be documented and recorded by the school.
- Any specific agreements and expectations (including sanctions for misuse) will be provided in writing and agreed by the child and their parents/carers before use is permitted.
- Where children's personal mobile or smart technology devices are used when learning at home, this will be in accordance with our Acceptable Use Policy and Remote Learning AUP.
- Personal mobile or smart technology devices must not be taken into examinations. Children found in possession of a mobile phone or personal device which facilitates communication or internet access during an exam will be reported to the appropriate examining body. This may result in the withdrawal from either that examination or all examinations.

6.1 Searching, screening and confiscation of electronic devices

- Electronic devices, including mobile phones, can contain files or data which relate to an offence, or which may cause harm to another person. This includes, but is not limited to, indecent images of children, pornography, abusive messages, images or videos, or evidence relating to suspected criminal behaviour.
- Where there are any concerns regarding children's use of mobile or smart technology or policy breaches, they will be dealt with in accordance with our existing policies, including anti-bullying, child protection and behaviour.
- Staff may confiscate a child's personal mobile or smart technology device if they believe it is being used to contravene our school policies, for example our child protection or behaviour policy.
- Personal mobile or smart technology devices that have been confiscated will be held in a secure place and released to parents/carers.
- If there is suspicion that data or files on a child's personal mobile or smart technology device may be illegal, or may provide evidence relating to a criminal offence, the device will be confiscated and handed over to the police for further investigation.
- If deemed to be necessary and appropriate, searches of personal mobile or smart technology devices may be carried out in accordance with our behaviour policy and the DfE 'Searching, Screening and Confiscation' guidance.
- Staff will respond in line with our child protection policy and follow the most appropriate safeguarding response if they find images, data or files on a pupil's electronic device that they reasonably suspect are likely to put a person at risk.

- The DSL (or deputy) will always be informed of any searching incidents where authorised members of staff have reasonable grounds to suspect a pupil was in possession of prohibited items, as identified in our behaviour policy.
- The DSL (or deputy) will be involved without delay if staff believe a search of a pupil's personal mobile or smart technology device has revealed a safeguarding risk.
- In exceptional circumstances and in accordance with our behaviour policy and the DfE 'Searching, Screening and Confiscation' guidance, the headteacher or authorised members of staff may examine or erase data or files if there is a good reason to do so.
 - In determining whether there is a 'good reason' to examine images, data or files, the headteacher or an authorised member of staff will need to reasonably suspect that the images, data or files on the device has been, or could be used, to cause harm, undermine the safe environment of the school and disrupt teaching, or be used to commit an offence.
 - In determining whether there is a 'good reason' to erase any images, data or files from the device, the member of staff should consider whether the material found may constitute evidence relating to a suspected offence. In those instances, the data or files should not be deleted, and the device must be handed to the police as soon as it is reasonably practicable.
 - If the data or files are not suspected to be evidence in relation to an offence, the headteacher or an authorised member of staff may delete the images, data or files if the continued existence of the data or file is likely to continue to cause harm to any person and the pupil and/or the parent refuses to delete the data or files themselves.
- If the headteacher or a member of staff finds any data or files that they suspect might constitute a specified offence, they will be delivered to the police as soon as is reasonably practicable.

6. Visitors' use of mobile and smart technology

- Parents/carers and visitors, including volunteers and contractors, are expected to ensure that:
 - They do not use mobile phones during the school day in front of children - this includes taking phone calls or photos etc. If for example there is a school event, parent will be spoken to prior to the event reminding them not to post any photos on social media.
 - Mobile phones will only be permitted for certain reasons e.g. logging into certain systems, remote meetings etc.
- Appropriate signage and information are in place to inform visitors of our expectations for safe and appropriate use of personal mobile or smart technology.

- Visitors, including volunteers and contractors, who are on site for regular or extended periods of time are expected to use mobile and smart technology in accordance with our acceptable use of technology policy and other associated policies, including child protection.
- If visitors require access to mobile and smart technology, for example when working with children as part of multi-agency activity, this will be discussed with the headteacher prior to use being permitted.
 - Any arrangements regarding agreed visitor access to mobile/smart technology will be documented and recorded by the school. This may include undertaking appropriate risk assessments if necessary.
- Members of staff are expected to challenge visitors if they have concerns about their use of mobile and smart technology and will inform the DSL of any breaches of our policy.

7. Policy monitoring and review

- Technology evolves and changes rapidly. The Gateway will review this policy at least annually. The policy will be revised following any national or local policy updates, any local concerns and/or any changes to our technical infrastructure.
 - We monitor internet and technology use taking place via all school provided devices and systems and regularly evaluate online safety mechanisms to ensure this policy is consistently applied. Full information about the appropriate filtering and monitoring systems in place are detailed in our Child Protection Policy. Where a concern involves potentially indecent images/videos of children, including images/videos generated by Artificial Intelligence (AI), on a child's personal mobile or smart technology device, staff will respond in line with our child protection policy; they will confiscate devices, avoid looking at any content and refer the incident to the DSL (or deputy) urgently.
- Any issues identified as part of the implementation of our monitoring approaches will be incorporated into our action planning.
- All members of the community will be made aware of how the school will monitor policy compliance through AUPs, staff training and monitoring.

8. Responding to policy breaches

- All members of the community are informed of the need to report policy breaches or concerns in line with existing school policies and procedures.
- Where children breach this policy:
 - appropriate sanctions and/or pastoral/welfare support will be implemented in line with our behaviour policy.

- concerns will be shared with parents/carers as appropriate.
 - we will respond in line with our child protection policy, if there is a concern that a child is at risk of harm.
- After any investigations are completed, leadership staff will debrief, identify lessons learnt and implement any policy or curriculum changes, as required.
- We require staff, parents/carers and children to work in partnership with us to resolve issues.
- All members of the community will respect confidentiality and the need to follow the official procedures for reporting concerns.
- Children' parents and staff will be informed of our complaints procedure and staff will be made aware of the whistleblowing procedure.
- If we are unsure how to proceed with an incident or concern, the DSL (or a deputy) or headteacher will seek advice from the local authority or other agencies, as appropriate, in accordance with our child protection policy.
